NEW CREDIT UNION BRANCH: Coosa Valley Credit Union has announced plans for a new branch in Armuchee, at 3040 Martha Berry Highway, previously a Regions bank. The branch is expected to open this fall. "Recently, we placed an ATM in the Armuchee shopping village and were very pleased with the transaction volume it experienced," said Ron Tomlinson, CEO and president. "This confirmed the conclusion that there was a need that existed for a full service presence in that area to serve our members better. We look forward to serving our current membership and hopefully new ones in the Armuchee area." **ON THE WEB:** Visit **RN-T.com** to see a Google map of the new credit union branch on Martha Berry Highway.
