**CU IMAGES ANNOUNCES ATM AND
MERCHANT CAPTURE SOLUTIONS FROM VSOFT**

Duluth, GA (July 25, 2007)—CU Images, LLC—the credit union joint venture company owned by Cooperative Services, Inc. (CSI) of Atlanta, Georgia, Palmetto Cooperative Services, Inc. (PCS) of Columbia, South Carolina, Credit Union Partnerships, Inc. of St. Louis, Missouri and VSoft Corporation of Atlanta, Georgia, a global information and technology provider—has selected VSoft’s ATM Image Capture and Merchant Capture solutions for its credit union customers.

“VSoft has proven to be a very capable partner. Our credit unions have been so pleased with the branch item capture product that they have begun to inquire about ATM image capture and merchant capture solutions as well. VSoft was the obvious choice,” said Jim Bray, operations manager at CU Images. “We have a different model, owned by several different state-processing companies and providing services to credit unions in nine different states,” he continued. “VSoft has been there with us as we have solved the unique challenges of this model. They have been a great partner and we anticipate these new products to be just as well respected.”

The owners of CU Images provide branch capture services to credit unions in Arizona, Georgia, Illinois, Louisiana, Missouri, North Carolina, South Carolina, Virginia and West Virginia. Merchant capture and ATM image capture services will also be available to these same credit unions.

About the Companies

Cooperative Services, Inc. is a credit union service organization (CUSO) owned by 60 Georgia Credit Unions. CSI was organized in 1988 to handle check processing services for its owners, and today provides payment services, shared branching and ATM, POS and debit card support services for its credit union customers and owners.

Palmetto Cooperative Services, Inc. is the wholly-owned League service company of the South Carolina Credit Union League. PCS provides check processing, statement processing and other support services for its credit union customers in multiple states.

Credit Union Partnership, Inc. is the wholly-owned subsidiary of the Missouri Credit Union League, and provides payment support, shared branching, and other services to credit unions in Missouri. The Missouri Credit Union League has been processing checks since 1990.

VSoft Corporation is a global information and technology provider of process improvement solutions for financial institutions.
